## Wheatbelt Little League Baseball Starts May 8

With the publishing of the Little League schedule for the 1956 season, embracing the towns of Carmangay, Champion, Vulcan and Brant, a few of the rules, regulations and benefits are listed as a matter of public interest.

With a team roster of 15 players, there is a maximum of 5 twelve-year-olds, a minimum of 5 ten years or younger with the eleven-year-olds making up the other 5 or balance. All players must be registered, have a parent release form signed, and are insured. All boys are uniformed, must wear protective head gear at bat, and play on a diamond two-thirds regulation size. All games are six innings and a pitcher can not pitch more than six innings of league ball in one week.

The benefits of Little League Baseball for these young fellows are varied and many, and may not be fully realized until later in life, but of prime importance is the early instilling of fine principles of sportsmanship, tolerance and understanding; the basic foundation of this undertaking. These young players take pride in wearing a Little League uniform, they are impressed by the attendance at their games, and when Little League time rolls around next month the best reward will be to watch them play.

## Many Attend Last Rites For Dr. David Nicol

Residents of Vulcan and district were saddened last week at the death in Calgary on Friday of Dr. David Nicol, well known dentist in Vulcan for many years. He was 50 years of age.

Born in Scotland, he came to Alberta with his parents while still an infant, living at Cadoman, Alta., until 1929. He graduated from the University of Alberta School of Dentistry in 1935 and purchased a dental practice in Vulcan the same year. In 1942 he joined the Canadian Army and served four years in Canada in the Dental Corps with the rank of captain. He reopened his dental practice in Vulcan after the war and resided here until October, 1953, when he opened a dental office in south-west Calgary and, with his family, moved to that city.

An enthusiastic and active sportsman, Dr. Nicol was a past president of the Vulcan Golf Club, past president of the Vulcan Tennis Club, past president of the Vulcan Baseball Club and a member of the Vulcan Curling Club. In his younger days he was rated as one of the best tennis players in Alberta and actively participated in several other sports.

He was a past exalted ruler of the Vulcan Elks Lodge, a member of the Lions Club in Vulcan and in Calgary, and a member of the Canadian Legion.

Dr. Nicol was also well known for his ability as a violinist and was a member of the Vulcan concert and little symphony orchestras of the 30's.

Surviving are his wife, Ellen; four daughters, Ruth, Ann, Helen and Patricia, all of Calgary; two sisters, Mrs. Robert (Margaret) Kennedy and Mrs. Isabel Pickford, both of Moose Jaw, Sask.; two brothers, George and Alexander, both of Edmonton.

Many Vulcan friends journeyed to Calgary on Tuesday of this week to attend the services which were held at South Calgary United Church. Rev. E. A. Justice, formerly of Vulcan, and Rev. R. G. Bearlsto conducted the service and burial was made in Queen's Park cemetery.

## SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

According to the latest information from the Health of Animals Branch, testing for Bovine Tuberculosis will be commenced in the County of Vulcan early this summer, and in this regard we would like to remind stockmen of the importance of having a good chute arranged for the handling of this work.

Many farmers will have plans which we mailed out from this office last fall, for the construction of a chute. We also have some other ideas available at this office which are considered by some members of the Health of Animals Branch as ideal for the testing of cattle for Tuberculosis.

**GROW IT THE YEAR IT PAYS** Herta barley licensed for production in Canada. Herta barley and a sister variety is today in Northern Europe and in Scandinavia the most widely grown barley variety. It is also making headway in Great Britain. Overseas it is used for malting, pearling and feed.

In Canada the experimental farms and the universities have in co-operative trials during the past some years tested a number of European two-row barley side by side with the Canadian barleys. Based on these tests, Herta barley was a few days ago licensed for production in Canada. Herta barley is exceptionally good for combining. It drops its beards before it is ripe. It does not shell and its head curls like the handle on a walking stick. This helps to hold a swath together. It generally weighs 53 pounds to the bushel. Fogelvik Farm happens to be the only grower in Alberta and now offers for sale, f.o.b. Innisfail, Alberta, at the following prices for two-bushel sacks:

Herta barley seed No. 1, germination 91% ..... \$8.00

## EDMONTON REPORT

by Ken Mason  
Special Correspondent

EDMONTON—New and stronger laws governing motorists and sportsmen are proposed in bills introduced by the government in the legislature last week.

Highways Minister Gordon Taylor, Drumheller, outlined changes in the Vehicles and Highway Traffic Act which would require drivers involved in accidents to show proof of financial responsibility or have their cars confiscated.

Lands and Forests Minister Norman A. Willmore, Edson, introduced amendments to the Game Act requiring hunters to obtain permission before shooting on any private land—posted or unposted.

If the legislature passes the new vehicle traffic bill, it will go into effect next Oct. 1. It will see the introduction of 'financial responsibility cards' issued either by insurance companies or by the government.

What it boils down to is this: If you're involved in an accident and are covered by insurance, you produce the card to prove it. If you are not insured and carry no card, your car is impounded.

For purposes of the new law, financial responsibility will mean public liability insurance of at least \$3,000 for one person and \$10,000 for two or more injured and property insurance for \$1,000.

Anyone not wishing to deal with an insurance company will be able to provide himself with protection by depositing cash or surety bonds totalling \$11,500 with the provincial registrar of vehicles.

The bill is patterned after similar regulations in Manitoba and British Columbia.

In some respects, it is a compromise between two types of programs which have been suggested for several years by CCF and Liberal members in the legislature.

The CCF has asked for a program of government-sponsored compulsory car insurance at cost, while the Liberals have asked for laws requiring every driver to provide himself with insurance. Both of these programs would be compulsory, while the system introduced by Mr. Taylor would be voluntary.

The highways minister outlined the details of the plan while the house was discussing the annual CCF motion on car insurance.

From all indications, the game act amendment was more or less forced on Mr. Willmore, and privately he is not too happy about

it. Originally, the government had not intended to introduce it this year but did so at the insistence of the Social Credit caucus. The house last year passed a resolution asking for legislation to make it illegal for anyone to hunt on private property without first gaining permission.

In addition, there was pressure from various farm groups which have presented briefs to the cabinet in recent months.

Mr. Willmore's main concern is with enforcing the proposed new law. Enforcement likely will depend almost entirely on farmer reporting violations.

There also is the question of whether the new regulations infringe on federal laws covering trespassing. Some officials say land owners already are protected under the Criminal Code, and the province is not supposed to legislate in federal fields.

Another section of the bill would permit farmers to post signs reading "Hunting Allowed." In such cases, permission would not be needed. This is to satisfy farmers who don't want to be bothered with hunters asking permission.

There is another provision dealing with the posting of "No Shooting" signs. Any farmer who posts would have to keep everyone off his land—including visiting friends and relatives. The only ones allowed to shoot would be members of his family who live with him.

The bill hadn't received final approval from the house at the time of writing, and before passing it the government was expected to hear arguments from The Fish and Game Association.

The new Election Act, which would mean the 'X' system of marking ballots to provincial elections, has become the biggest issue of the current session.

As of last Friday, members had debated it for nine hours—six hours on second reading and three hours in committee of the whole assembly. Many more hours of debate were anticipated.

The opposition is claiming the government wants to change the voting system for political advantage—using the 'X' system to split up the opposition vote among two or more parties.

Members of the house are working long hours in an effort to finish the session before Good Friday. If the assembly can't be prorogued this week, there will have to be a short adjournment followed by a brief sitting in April.

## Accident costs Set automobile insurance rates

Automobile insurance rates are set in direct relation to the number and cost of accidents of Canadian drivers. Last year, for example, automobile insurance claims amounted to more than one hundred million dollars—a motor car was smashed every two minutes and someone was injured or killed every 12 minutes.

When the costs of automobile accidents decrease, so do automobile insurance rates. But, when the number and cost of accidents increase, then insurance rates increase too.

# the '56 Chevrolet

Beautiful models—all with bold new Motoramic Styling.

More models—including two new 4-door hardtops and two new 9-passenger Station Wagons. And all models offer a choice of 9 flashing power teams with horsepower ranging up to 205.

*This is the greatest of them all.*

There's flashing new excitement awaiting you, for these '56 Chevrolets give new meaning to the word "action".

Look them over! Look at that bigger more massive grille. Let your eye slide along that longer, more rakish hood. Follow that lower, speedline chrome treatment back to these sassy, high-set tail-lights (the one on the left swings down to uncover the gas cap).

#### EVEN LIVELIER THAN IT LOOKS!

Bold new Motoramic Styling, as you see! Fine new Contemporary Interiors, to be sure! Gay new colors, indeed! But beyond that, even more of the championship road-action that made the '55 Chevrolet a winner. You know the new Pike's Peak record-holder has to have something very,

very special in the way of power, ease and sureness of control, and nailed-to-the-road stability.

#### BLAZING POWER TEAMS—20 EXCITING MODELS

Any kind of model anyone could want. All of 'em have all the extra advantages of Body by Fisher—the people who pioneered and perfected the 4-door hardtop. Your choice of new "Blue-Flame" 6 with 140 hp and new higher compression—the 170 hp "Turbo-Fire V8" (162 with Synchro-Mesh)—or, optional at extra cost, the "Super Turbo-Fire" with 205 hp and 9.25 to 1 compression ratio! Automatic and comfort features? If Chevrolet doesn't offer them, it's only because they haven't been invented yet. So try the hottest drive of the year soon. You haven't tried anything new until you've been behind the wheel of a '56 Chevrolet.

# V8&6

Not only does Chevrolet offer a choice of V8 or 6 cylinder engines, but they are the most powerful and most efficient engines in the low priced field. No other car combines such high compression ratios with valve-in-head operation, and includes so many other modern engineering discoveries. If a power feature is good, if it's practical, you can be sure that Chevrolet engines have it!

WHITE CHRISTMAS

DEAN JAGGER

VISTAVISION

STARTING NEXT TUESDAY

APRIL 10th

One Show Nightly, 8:15 p.m.

Matinee Saturday, 2:30 p.m.

After service in World War II, Bing Crosby and Danny Kaye rise to stardom as a team on stage and radio. Through a series of capricious circumstances, they find themselves in Vermont to spend a white Christmas at an inn, where a sister-act, Rosemary Clooney and Vera-Ellen, is to head the floor-show. At the inn, Crosby and Kaye are surprised to find the proprietor is Dean Jagger, retired major-general who was the respected wartime commander. Business is bad, and the boys decide to bring the cast of their new Broadway show up to Vermont for rehearsals as a means of stimulating trade at the hostelry. Rosemary, although attracted to Crosby, misunderstands his motives, thinking he and Kaye are only glorifying Jagger for their own selfish interests, but learns the truth; she pairs off with Crosby, while Vera-Ellen and Kaye also plan to marry.
